

# PROFESSIONAL HEALTH SERVICES

MES Impilo sustains health and wellness in the communities we serve in and around Johannesburg.

Impilo cares for the homeless and destitute people with chronic or advanced illness through the in-patient unit and pays equal attention to medical, social and spiritual well-being implemented through the MES model.

mesorgza

Individuals requiring extensive medical care need to be in an environment where they will be provided with the medicine, nutrition and adequate exercise to nurse them back to health. The Impilo facility provides such support. The mobile clinics provide TB screening, HIV testing and health education, as well as referring those infected to other health care facilities.

## HOW TO ACCESS OUR SERVICES

- Walk-in service at 353 Main street Fairview
- Referrals from other clinics
- Referrals from other MES programmes
- Weekly outreaches within the community

## HOW TO GET INVOLVED

- Donating toiletries
- Volunteers to spend time with the sick and elderly
- Visit our website [www.mes.org.za](http://www.mes.org.za) for the latest needs list.
