

**Maria, one of our MES Kempton Park shelter clients has been keeping herself busy with her sewing skills. She made herself a raincoat from the material she collected from old umbrellas and other off-cut clothing items. This is definitely creativity in action! Well done to Maria.**

**Despite the lockdown period, MES Kempton Park continued with their food parcel initiative to bring about food relief to families in need. Through such an unflinching support by our partners and donors, MES Kempton Park served more than 6000 meals to over 32 homeless beneficiaries at its shelter.**

**MES Kempton Park clients have been hard at work, keeping it hygiene at stay-in facility under Covid-19 lockdown. The clients have made the shelter their home by taking over some of the cleaning and hygiene responsibilities; some have been cleaning the garden, and others washing clothes and dishes.**
